COUNTRY ESTATE ALCUDIA

The Taylor Interiors team was appointed to create the interior for this charming family holiday retreat in Alcudia. The large country estate is surrounded by four acres of land which have been sculpted into a beautiful Mediterranean garden offering stunning views towards the mountains.

While the architectural style resembles a traditional Mallorquin “Finca”, the interior scheme required by the client was to be modern, while remaining functional and practical. The property includes a main house, separate guest house and pool house, totalling six en suite bedrooms. Yvette Taylor and her team were involved not only in the entire furnishing, but also in the detailed design of seven bathrooms and three kitchens, the design of the pool and outdoor illumination.

To create light and airy spaces with a homely, warm and welcoming atmosphere, the overall colour scheme is based on ivory tones complemented with American walnut for the wooden furnishing. Accent colours, one for each room, were chosen to be violet, lime yellow or turquoise.

The kitchens have been produced by Italian Cesar and Euromobil, with appliances from Miele and Siemens. The modern design furniture throughout the property is supplied by Dona, Porada, Simform, Desiree and Montbel; children’s furniture by Paidi.

The lights and lamps throughout the house were chosen from Vistosi, Modo, Bover, Axo Light and Lucente.

Curtains and soft furnishings, such as the fabrics for the furniture upholstery, were selected from the latest collections by Jab, Clarke & Clarke, Designer’s Guild, Wind, Osborne & Little, Charles Erwin, Camengo, Jane Churchill and Sahco. Bedding was supplied by Italian Motleni and towels by Abyss & Habidecor.

The designs of the bathrooms include mosaic and tiles from Spanish Porcelanosa, and sanitary ware from Duravit, taps and showers from Hansgrohe with Brandoni heated towel rails. All bathroom accessories have been supplied by Pom d’Or.

Every element of the outdoor design has been carefully curated to reflect the surrounding landscapes. The spaces have achieved the authentic atmosphere of a Mallorcan ‘Finca’ with the use of natural materials, like the teak benches and scatter cushions finished in pink and white fabric by Jab.

The luxuriant landscaped gardens blend impeccably with the outdoor socialising spaces, which are finished with Kettal furnishings and accessories. The fire pit allows for comfortable entertaining al fresco and creates a dramatic look at any event, filling the sky with a warm glow.

Living Room & Dining Room

COUNTRY ESTATE ALCUDIA

by

TAYLOR INTERIORS

The spacious living room is carefully designed to provide a calming area to relax. Furnished with a Desiree corner sofa, Montbel coffee table and armchairs and lighting by Modo, the beautiful curtains and cushions are colour coordinated in plum, silver and grey Chase Erwin fabrics.

The duo artwork in the living room is a beautifully modern expression of the local village of Es Capdellà. The paintings were commissioned from the contemporary artist Vivian Borsani to coordinate and add atmosphere to the downstairs living spaces.

The property has been carefully arranged to cater for dinner parties and every element of the tableware is chosen to blend with the colour palette of the overall interior design. The white dinner service is from the exquisite Sophie Conran Collection and coordinates with the scheme's accents of glass and chrome.

Kitchen

COUNTRY ESTATE ALCUDIA

by

TAYLOR INTERIORS

Master Suite

COUNTRY ESTATE ALCUDIA

by

TAYLOR INTERIORS

The colour scheme in the master bedroom is perfectly composed in shades of plum and white, which looks striking against the rich walnut furnishings, flooring and ceiling beams. Porada has been chosen for the furniture and Bover for the lighting.

Guest Bedrooms

COUNTRY ESTATE ALCUDIA

by

TAYLOR INTERIORS

Each of the four guest bedrooms has an individual palette to inject the space with pops of colour that reflects the surrounding natural landscapes. The lime accessories are finished in a luxurious fabric by Alhambra and looks striking against the white walls and bedspread.

There are many beautiful artworks displayed in the property. Every one was carefully selected by Taylor Interiors to add atmosphere and colour to the villa. The stunning water lily painting, by contemporary artist Vivian Borsani, was commissioned especially for the blue guest bedroom.

Children Bedrooms

COUNTRY ESTATE ALCUDIA

by

TAYLOR INTERIORS

The children's bedrooms manage to be both fun and beautifully designed. This little girl's room blends white furniture by Haba with fabrics from the Alhambra Children's Collection and is completed with pretty pink accessories. The window opens out to the striking views beyond.

This cute child's bedroom is both vibrant and coordinated and does not deflect from the overall look of the rest of this stunning property. The design uses varying shades of blue to contrast with the white walls and furnishings by Haba and is completed with soft furnishings finished in fabrics from the Alhambra Children's Collection.

Guest house

COUNTRY ESTATE ALCUDIA

by

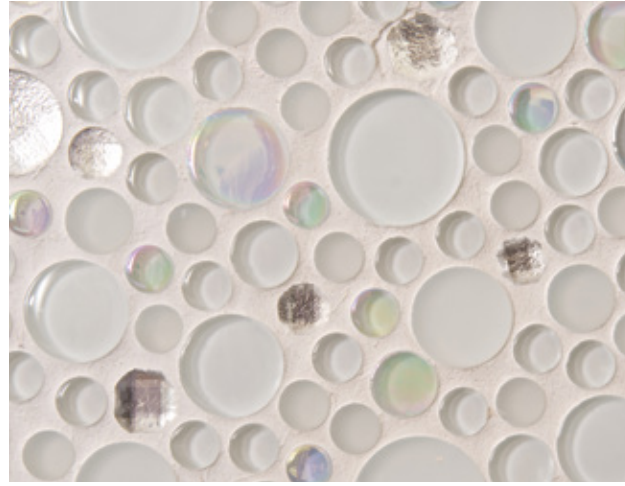

TAYLOR INTERIORS

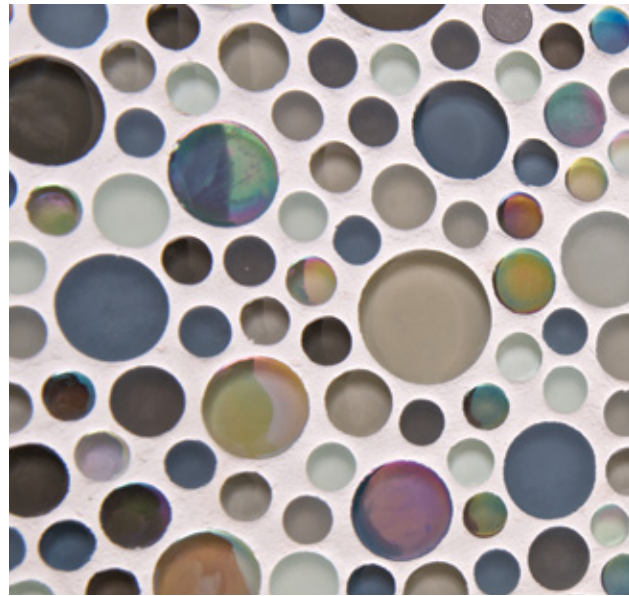

The stunning bathrooms are finished with an accent of glass used in the mosaic wall tiles by Porcelanosa. The white sinks are finished with overflow taps by Hansgrohe from the Massaud Collection, which looks stunning against the walnut cabinets.

The guest bedroom with accents of deep blue was designed to sleep young guests and is enhanced by Designer's Guild fabrics to contrast with the clean white walls and bedspreads.

The guest bathrooms have been injected with pops of bright colour in the mosaic walls tiles by Porcelanosa, which offer a dash of individuality while blending perfectly with the pale blue and taupe scheme. Towels and blinds coordinate with the walnut finish beneath the stunning marble sinks.

Exterior

COUNTRY ESTATE ALCUDIA

by

TAYLOR INTERIORS

The relaxing outdoor terraces and pool area of this country estate are every bit as stylish as the interior and are completed with furnishings by Kettal. The 'Egg' swivel chairs wonderfully entertain the young children.

Scatter cushions were made in the Taylor Interiors in house workshop by our team of seamstresses from aqua marine, white and muted blue fabrics by Jab, which look striking against the muted furnishings.

The stunning sunbed by Kettal is the perfect place to relax and enjoy the captivating views of the surrounding landscapes. A selection of scatter cushions in turquoise and pink tones complements the overall look.

TAYLOR INTERIORS

HOW WE WORK

Our seamless production process ensures our clients receive an excellent standard of service from project concept and final design to realisation and completion.

We begin with an initial consultation in our studio or your home, where we discuss how the interior design of your property can truly reflect your lifestyle, personal needs and taste. We agree on a decorative style, your preferred colour scheme and specific uses for each room. We also agree a budget for furnishing and set a deadline for completing the project.

You are welcome to visit our studio on Sloane Street to browse over a wide range of exclusive fabrics. You can view our brochures and design documentation to see examples of our completed projects and gain a better understanding of the service you can expect to receive from us.

Once the contract is signed, we will visit your property in the UK or abroad and take necessary measurements and photographs.

After approximately two weeks, we will present you with a design concept, including basic AutoCAD plans. We will also suggest furniture, lighting, wallpapers and accessories, as well as fabrics for curtains and upholstery.

We will listen carefully to your suggestions and implement them in the next phase.

The next meeting takes place at our studio, where you will be presented with complex AutoCAD plans, room-by-room mood boards, 3D renderings for selected rooms and a detailed quotation, including a full breakdown of furniture, lighting, fabrics, wall papers, rugs, art and accessories.

At this stage you can make minor changes, which we will alter according to your requirements.

Once the final design and quotation is agreed and you sign the contract for project realisation, production begins.

We supervise the production and deadlines for all furnishings and accessories, so everything is taken care of for you. Once we begin the project realisation for your home, we handle all the logistics, including transporting the goods from factories to the storage and ensuring everything is in perfect condition.

We look after the delivery of the furniture and lighting to your property and we organise every detail of the fitting and installation. We even arrange the final cleaning so your beautiful new home is ready to move into immediately, leaving you to enjoy and celebrate in style.

We ensure our clients' **budget and deadline is always met**, throughout every project we deliver.

We have access to a coveted range of over **300 of the finest design brands**, to provide original and tailored results

We bring **20 years experience** to our practice, executing the highest standard of technical skill and creative finesse.

Ground Floor

Ground Floor

First Floor

FLOOR PLANS

We provide beautifully designed floor plans for the entire property to help the client visualise the space.

This is an example of a floor plan produced by our design team for the Casa Alegra villa. The plan enabled our clients to visualise how their completed ground floor space would look before production began.

This plan allowed us to work with our clients to demonstrate where furnishings and decorative elements would be arranged and to look at the overview of the ground floor. We were able to discuss how the spaces would flow between one another.

A SAMPLE QUOTATION FOR THIS PROJECT

Before a project goes into production we produce a precise price quotation. This allows our clients to review every item included in the detailed specification and agree the final costs in full.

This comprehensive quotation lists every item selected, with the photo, description, dimension and finish. It also includes the price per item or unit, as well as the total cost per specified area.

At this stage, clients can make minor adjustments, but overall the plan remains the same.

TAYLOR INTERIORS LTD.
Larchwood
Heathfield Avenue
Sunninghill
SL5 0AL

Dear Yvette,

I would like to thank you for your fantastic team-work in the interior designing and furnishing of the Alcudia country estate for our client.

You were contracted directly by the client, yet throughout the entire project you kept a hands-on approach cooperating with us and our workers on site, which was very valuable.

Your AutoCAD plans for the bathrooms and kitchens were illustrative and indispensable. Also very helpful were the pictures and descriptions of all items.

Due to tight deadlines we had to work closely together on site, which was logistically difficult at times, yet the Taylor Interiors team cooperated effortlessly with my staff, which was highly appreciated.

You organized your fitters as perfectly as the deliveries of all goods. The final clearing up and tidying was spotless.

The client is extremely happy with the end result and we feel fortunate that we could work together on this unique and complex project.

We certainly look forward to teaming up with Taylor Interiors again in the future.

Chris Vincent

LETTER OF GRATITUDE

Taylor Interiors Ltd.
Larchwood
Heathfield Avenue
Sunninghill
SL5 0AL

24th June 2014
Reference letter:

We would like to thank Yvette Taylor and her fantastic team at Taylor Interiors for the high standard of dedicated work they have shown to us during the building and final finishing of our beautiful holiday home in Mallorca.

The whole experience has been incredible, we feel very lucky to have found Taylor Interiors to take each step of the journey with us and achieve our dream home.

We are so impressed with the quality of all the products we chose for both the interior and exterior. The overall effect is stunning, with contrasts of colours, textures and the perfect balance of modern living with traditional Mallorcan features. The choice of brands and Yvette's extensive knowledge enabled us to find the perfect pieces for our home. The whole process was such an enjoyable experience. The attention to detail astounded us and has polished the finished article to perfection.

The organization of the production of the AutoCAD plans ensured that everyone who was on the site had a clear set of plans. This was key to getting the project off on the right footing. The perfection of these plans by Yvette and Emily gave us complete faith that the finished product would be perfect.

The house is a dream to us. We can enjoy many visits there with our children, our families and friends. It really has exceeded our expectations and we feel very proud of the achievement. This would certainly not have been achieved without the help of Yvette and her team.

S. and M. Bonfield

WHY WORK WITH TAYLOR INTERIORS

Taylor Interiors is an award-winning design practice based in Sloane Street, London. We have been designing inspirational spaces for over 20 years, working with international clients in coveted locations across the world.

From exquisite London townhouses and apartments to sumptuous villas, chalets and private estates, our projects are characterised by combining the latest interiors trends with the finest products and materials.

We offer bespoke interior design services and have access to over 300 of the most luxurious brands, so we can create bespoke and highly original looks combined with cutting-edge technologies and appliances. Our dedicated team provides a highly professional service, ensuring we always deliver our projects on time and on budget.

YVETTE TAYLOR

BFA, MBA
Design Director & Founder

Yvette Taylor is the inspirational Design Director and founder. Based in London, she works as widely as Geneva, Verbier, Mallorca, Marbella and Munich and has successfully completed over 80 luxury interior design projects.

Yvette's 22 years of professional experience, straddling both the creative and business side of interior design, ensures she can manage complex projects with the highest level of flair and technical acumen. She has built strong relationships with her clients, as well as with the finest producers in Italy and England to create exquisite interiors that utilise luxurious products and materials.

Yvette's key skills include:

- Over 20 years knowledge and experience of the interior design field
- Significant experience working with investors and developers
- Unrivalled contacts with the world's finest design brands
- Multi-lingual communications skills
- Precise budget planning skills for million pound projects
- Excellent management planning skills to meet tight deadlines
- Ability to manage complex projects overseas

After completing a Bachelor of Fine Arts in Interior Design at UCLA, Los Angeles, and an MBA in New York, Yvette spent six years working for Swedish company SKANSKA on large commercial projects. Launching her own interior design practice in Mallorca, Yvette then focused solely on designing and furnishing luxury residential properties. After her international client base grew, she relocated the studio to London in 2011.
